

**BOARD OF BEHAVIORAL SCIENCES**  
Memorandum

Date: October 8, 2004

To: All Employees at the Board of Behavioral Sciences

From: Catherine Kay, Board Chairperson

Subject: Selection of a New Executive Officer

After much deliberation, the Board has selected Paul Riches as the new Executive Officer for the Board. Paul has an extensive background in the legislative and regulatory process, including his current assignment as Chief of Legislation for the Board of Pharmacy. His breadth of experience includes working with or for the Legislature, Department of Consumer Affairs agencies and professional associations. Please join me in welcoming him to this new position, effective November 1, 2004.

On behalf of all of the Board Members, I also would like to express our tremendous appreciation to Denise Johnson, who stepped in after Sherry left and ably handled what could have been a difficult transition period. We are very grateful to Denise for her long-standing loyalty and vital contributions to the Board and its work.
